About Camp Roanoke

Camp Roanoke is nestled within 700 acres of the beautiful Blue Ridge Mountains in western Roanoke County, conveniently located just off Interstate 81 exit 132. Since 1925, Camp Roanoke's programs have shaped the character and lives of thousands of youth.

Camp Roanoke is owned and operated by Roanoke County's Department of Parks, Recreation & Tourism. Our department is southwest Virginia's leading source of outdoor and summer programming for youth, families and adults.

Camp Roanoke's full time staff members are graduates of universities and colleges with accredited outdoor recreation programs. In addition, staff members are certified Wilderness First Responders, and have extensive experience in working with children and youth in outdoor settings. Our food services are managed by a certified camp food support specialist.

Camp counselors are students from colleges and universities, who must complete an intensive 14 day training program which includes adventure skills training, first aid, CPR, van driving certification, group dynamics and child supervision skills.

A health care professional meets with each child and family at check-in to discuss each camper's individual needs. This staff member also administers medications, monitors special diets, and applies first aid during the camp session.

Our Camp Atmosphere Shapes Character

Participants learn to embrace many environmental and cultural values while at camp, from the stewardship principles of "Leave No Trace" to self-confidence and esteem building ideals from "Character Counts." These concepts are incorporated into the activities, special events and daily routine of camp life. Focusing on character helps campers develop both emotionally and socially by promoting respect for diversity, personal and peer responsibility and the ability to fail and succeed in an encouraging environment.
